

**"Be a Leader in the
Resource Revolution Centre
Eco Waste Park Competition!"**

**Meet Systo
she will support you**

What Is the Resource Revolution?

The Resource Revolution is about solving Earth's problems by reusing and recycling, creating a cleaner, greener planet.

and we need a

**Resource Revolution centre
and we need leaders !**

**This competition lets you and your friends design an Eco Waste Park that shows how we can help Earth
You need to find out about what the competition is asking you to do and the rules**

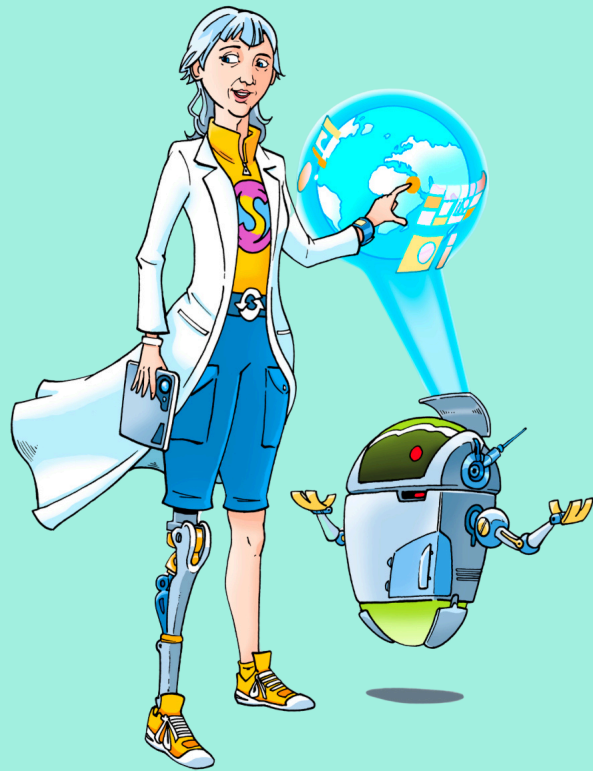

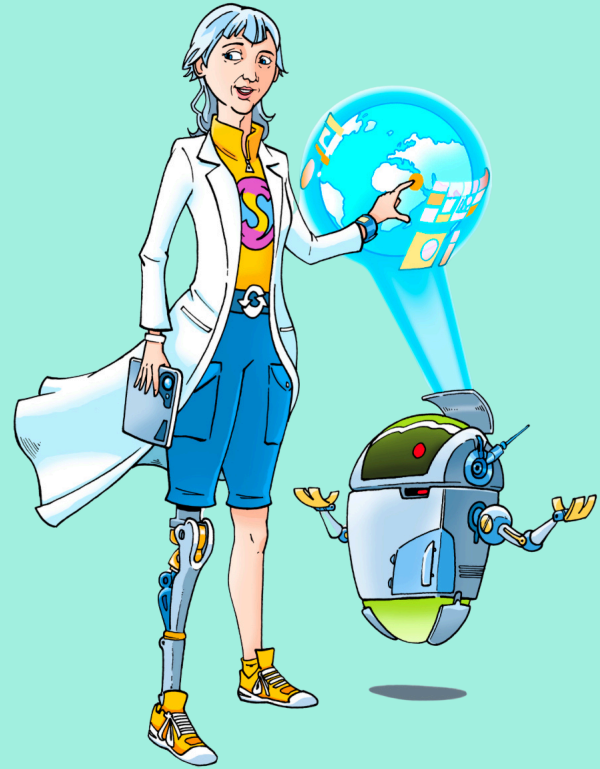

Why Become a Leader?

As leaders you will...

Inspire your friends
to be creative and make a difference.
You will need to tell them all about the
Resource Revolution Centre
Competition

Can you think of ways that you could Inspire your friends to take part in our
competition?

Here are our ideas

As a leader, you :

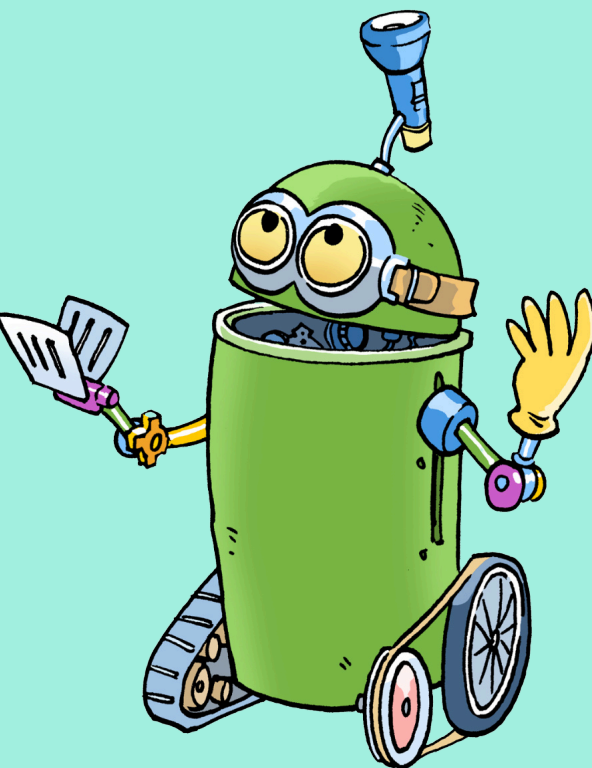

Need to explain the competition

Encourage your friends to stay organised.

Encourage ideas and make sure everyone feels included.

Share your knowledge to help the team succeed.

You might like to make a plan ...

Encourage your friend to form teams

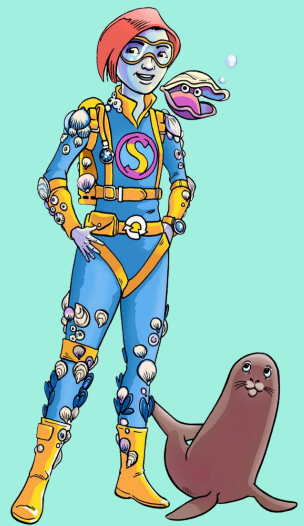

**These are some of the roles they can take
You will need to explain this to them.**

The Organiser

Keeps everyone on track.

Creates schedules and makes sure the team meets deadlines.

The Earth Steward Leader

Focuses on using sustainable materials and eco-friendly ideas.

Teaches the team about recycling and reusing.

The Researcher

Finds cool facts about eco-parks and waste management.

Brings in new ideas for the team to use.

The Designer

Leads the park design and layout.

Makes it look creative and sustainable.

The Communicator

Shares the team's ideas during presentations.

Makes sure everyone understands the plan.

How to Encourage Teams **Explain that they need to...**

Listen to everyone's ideas – no idea is too small!

Be positive and help solve problems.

**Remind your team of the goal: a creative, eco-friendly Waste park called the
Resource Revolution Centre!**

Share what you learn with your friends.

Ideas to Inspire Your friends by explaining some of the tasks that need to be developed at The Resource Revolution Centre

Recycle everyday items like bottles and tyres for park structures.

Include zones for learning, fun, and relaxation.

Add renewable energy ideas like solar lights.

Create a waste-sorting station in the park.

Create areas when new things are made

Think about the 10Rs

Think of ways to make the park look green and welcoming.

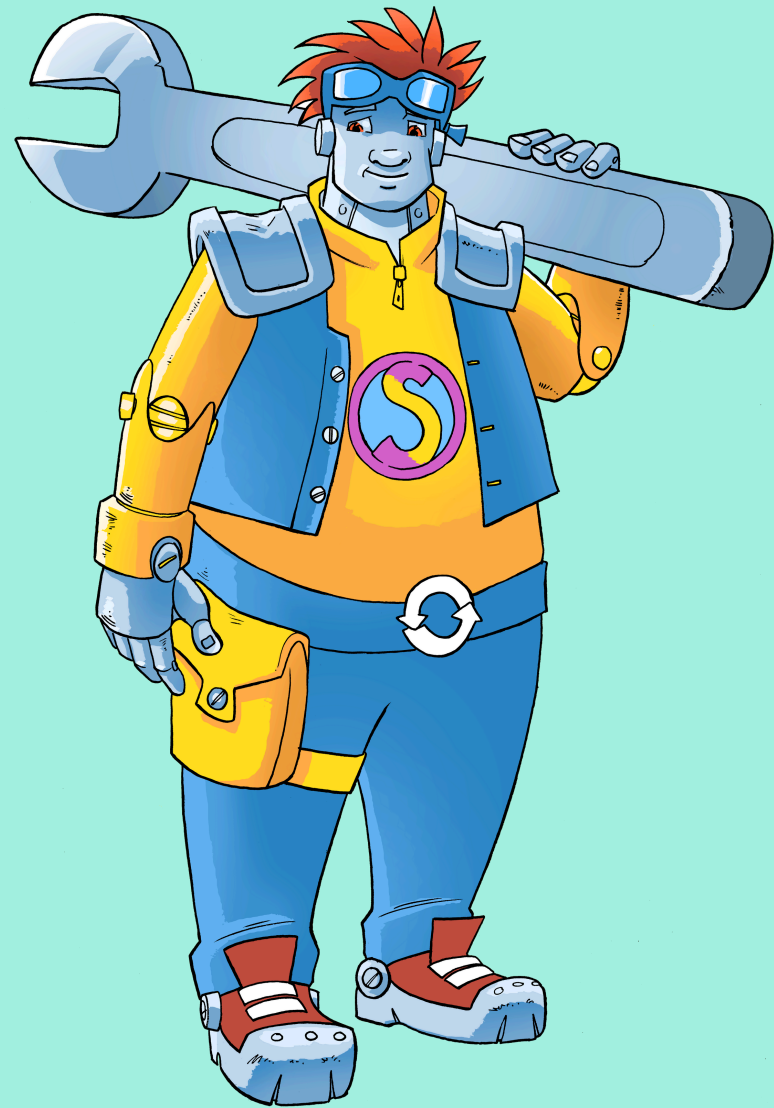

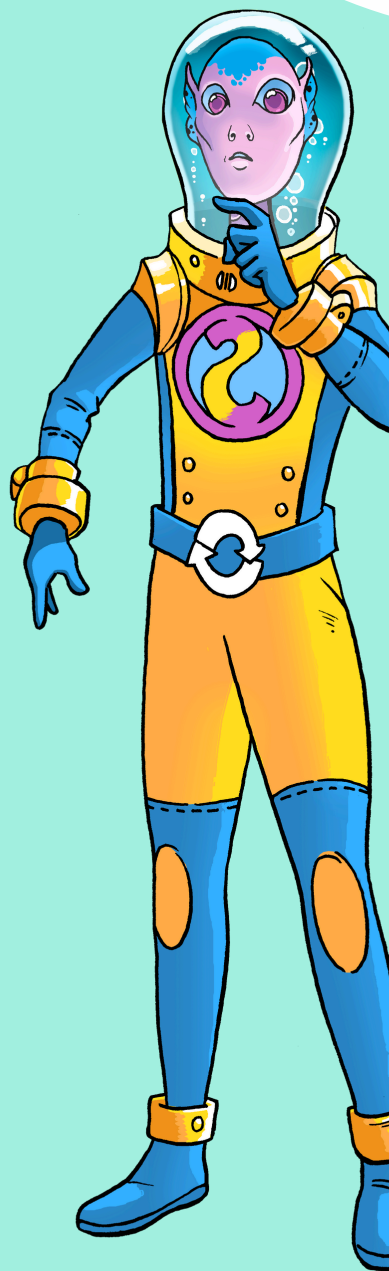

Fun Ways to Lead the project

Organise brainstorming games.

Set mini-challenges like “Best Recycled Material Idea.”

Celebrate small wins as a team.

Use creative tools like posters or digital drawings to bring ideas to life.

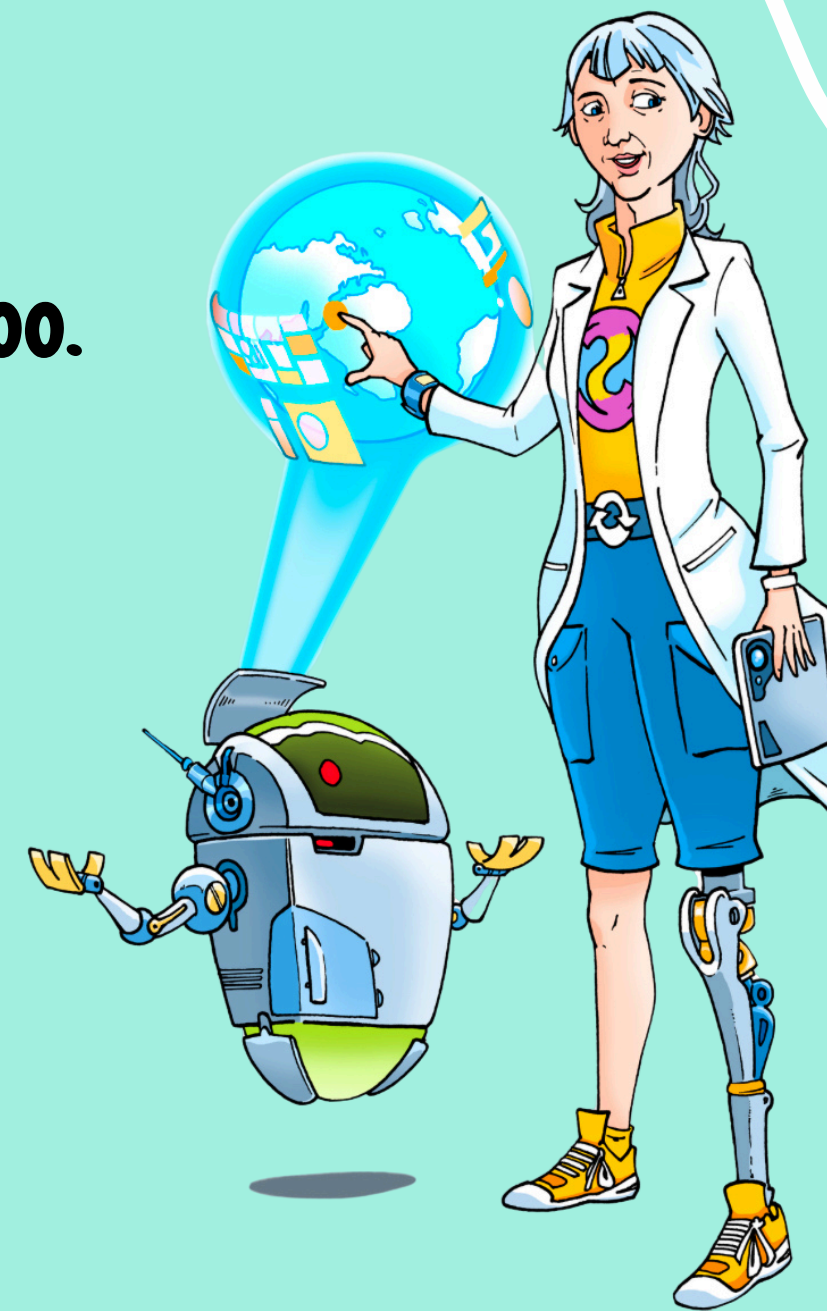

Remember: You Are a Change maker!

and you are supporting your school , class and individuals

**By leading,
you're helping the Earth and showing others how they can too.**

**Every great idea starts
with someone brave enough to lead!**

Get Started Now!

Decide on your leader roles.

Gather your team and share what you've learned.

Use tools such as a Mind map

Make a presentation

Start brain buzz talking how you can get your friends and school involved

Make a plan decide on what (you as leaders) are going to do share this project

**A checklist with "Roles, Ideas, Plan!"
for instance
An Assembly
Updates**

Thank you
